Practice Problems: Institutions

Econ520. Spring 2017. Prof. Lutz Hendricks. February 7, 2017

- 1. Explain how colonial evidence supports the importance of institutions.
 - (a) Explain the evidence related to the "reversal of fortunes."
- 2. Why is it hard to establish that institutions cause income?
 - (a) How can natural experiments help to overcome this problem? What is a natural experiment?
 - (b) Can you think of natural experiments that demonstrate the importance of institutions?
- 3. Why is it hard to reform obviously bad institutions?
 - (a) Provide examples.
